Every nurse is a leader, no matter the position or work setting. Nurses need to articulate professional issues, negotiate patient care, support and coach one another and implement changes in practice.

Leadership skills are essential in the changing health care environment and nurses with strong leadership skills are the professionals who make a difference.

At this conference you will identify leadership skills which can be integrated into your work and life. All nurses wanting to enhance their leadership will benefit from this program.

## Objectives

- Explore strategies for successful leadership during turbulent times.
- Identify resources that enable nurses to develop leadership skills.
- Describe how the current healthcare environment impacts nurses and their practice.

## Accreditations

This activity has been submitted to the Ohio Nurses Association for approval to award contact hours. The Ohio Nurses Association (OBN-001.91) is an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

5.5 nursing contact hours + 1.0 hour optional pain CE
